VOLUME 16

Creativity & Passion

We are first and foremost passionate creators. Four entrepreneurs who are committed to research and development to offer well thought-out and perfectly adapted to their intended use. We are somewhat obsessed with details that make a difference and bring the product to another level.

Our satisfaction comes from seeing the smile of a client that confirms the comfort of a chair or from another coming up to us to say that their outdoor light still provides them with enjoyment after ten years.

For over 20 years, we have designed and developed hundreds of products, which make us, without any pretension, the most experienced designers of rotationally molded products in Canada.

We are committed to always improving our products and our ways and to do it while respecting the environment and with sustainable development in mind.
